Importance: High

FisheyeCHI86.rtf

Hi Michael. During our 10/3/00 phone conference with Stuart Crawford, you had asked for copies of the 2 articles mentioned in the invention disclosure form. I am attaching 1 of them here, entitled "Generalized Fisheye Views". The other article, "Focus+Contest Technique Based on Hyperbolic Geometry ...", I am sending via regular mail (I don't have a soft copy).

Stuart also wanted you to be aware of a website which has lots of information about related work that might help in your prior art search...

www.si.umich.edu/~furnas/

Please confirm receipt. Thanks, Lori

MICHAEL GLENN
